

# DESIGNED FOR BEAUTY BUILT FOR FUNCTION

PANA 34

# WHY 21:9?

Improved visualization and ergonomics

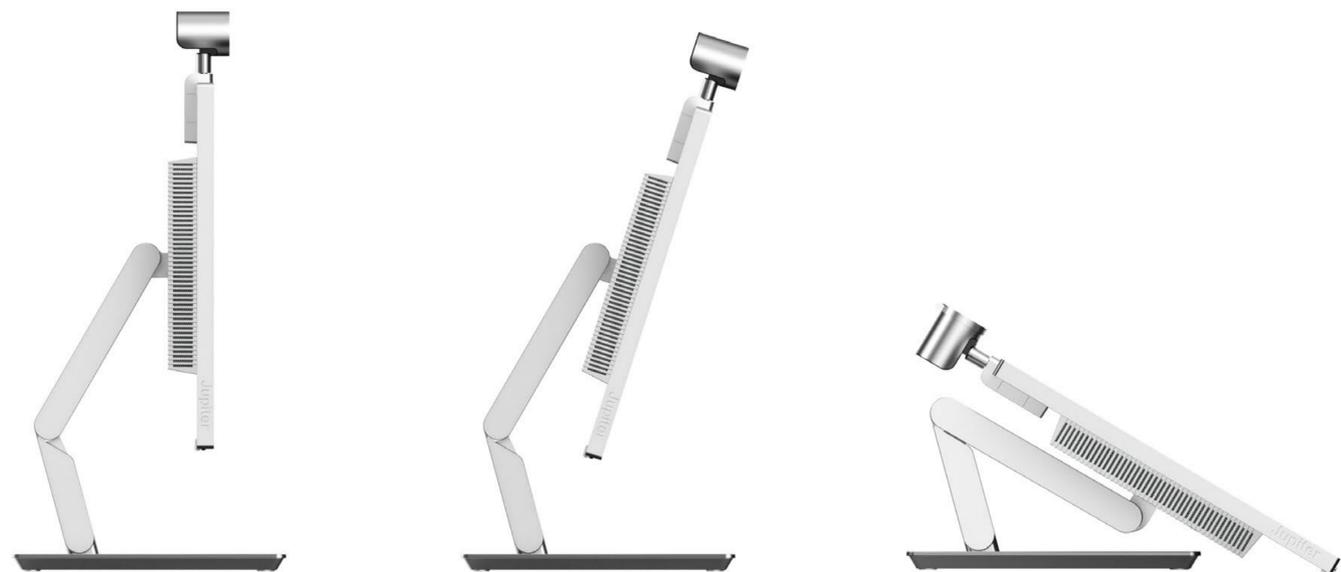

Innovative and modern look

Aligns to emerging applications with native 21:9 formats

**HDR  
certified**

# Up, down, rotate.

We believe that static 16:9 displays with limited viewing angles are not just hurting your productivity but your physical well-being.

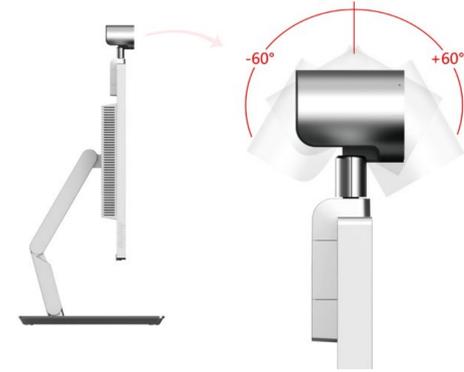

## Flexible productivity with the Pana 34!

With the Pana 34 you can find your freedom! Free the way you work, interact with the screen and feel about screen time. Free to love your work.

# Elevate how you are seen and heard

A superior webcam with amazing sound quality remains among the most wanted features for home and office users alike. It's critical for ensuring your message is seen and heard.
